	13.3	KOPB FM									

*“In the air and on the ground, Blue Mountain Translator District is committed to delivering the best antenna television to our members. We set out in 1978, as a non-profit government municipal special district to bring signals and rebroadcast to Baker and Union Counties. Today we continue these efforts, are committed, and recognized the needs of Eastern Oregon. Your financial support of the District will continue to deliver HD TV at an affordable price.”*
